

# "NITEP Condensed Matter Lecture 2025" with Prof. M. Berry and four invited speakers

## Tuesday 26 August 2025

### Session 2 (14:40-15:40)

time	[id] title	presenter
14:40	[4] Fast-forward of adiabatic dynamics: from generation of entangled states to quantum thermodynamics	NAKAMURA, Katsuhiko
15:10	[5] Topology of exceptional points	YOSHIDA, Tsuneya
