

"NITEP Condensed Matter Lecture 2025" with Prof. M. Berry and  
four invited speakers

Tuesday 26 August 2025

Session 3 (15:50-16:50)

time	[id] title	presenter
15:50	[6] Non-Abelian anyons in the Kitaev spin liquid: stable realization and detectability via lattice defects	TAKAHASHI, Masahiro O.
16:20	[7] Quantum geometry of a bosonic system exhibiting a quantum phase transition in terms of frame bundle structure	TANAKA, Satoshi
